

# When times are dark & God seems not present...

## **Where are you?**

Out of our shock and fear  
we call to you.  
Out of our anger and denial  
we call you.  
Out of our grief and sadness  
we call you.  
Ever-present God,  
where are you?  
Right within us?

## **Where are you?**

Our eyes are heavy with tears,  
our minds racing,  
our hearts are like stone.  
O God,  
where is the joy peace and hope  
you promised?  
Ever-present God,  
where are you?  
Right within us?
